March for Preemies

Juliana's life was saved by your many prayers and by God's working through the miracle of modern medicine. The doctors and nurses at the University of Maryland Medical Center who worked so hard for our babies were greatly benefited by funds from and research done by the March of Dimes foundation.

In order to raise awareness of the tragedies of prematurity, the March of Dimes hosts walk-a-thons all over the country where individuals can raise money for this very worthy cause. My sisters and brother-in-law will be walking on May 2 in Chattanooga, Tennessee, on behalf of Juliana, Zoe, and Eden, and we would appreciate your support! If you would like to contribute to their walk and to saving premature babies, please visit their team site: Payne3. You can learn more about the March of Dimes organization, and even join an event near you at www.marchforbabies.org.

We're hoping that you will be willing to sponsor our family in this walk and donate to an organization that will help families everywhere.

Thank you, Review and Herald family, for your prayers during our difficult time and for the encouraging messages you posted on our blog.

To celebrate Juliana's life and dedicate her to God, we are holding a special baby dedication at the Highland View church on Sabbath, April 17, at 11:00 a.m. during the church service. We would be honored if you would attend and meet Juliana. It will be her first official outing into public, and we are so thrilled to be able to publicly dedicate her to God. Thank you all for being a part of our journey to this point!

New Product Highlights

GEORGE R. KNIGHT

Title: Exploring Romans

Author: George R. Knight

Romans is one of the few books in the New Testament that was not composed as a pastoral response to specific, localized problems. Instead this letter was written primarily to challenge and ultimately correct widespread misunderstandings about Christianity held by mid-first-century believers. Some of these beliefs are embraced even now, and the careful study of this letter to believers whom Paul had not yet met is vital to every sincere Christian.

Paul's central focus in Romans is the means of obtaining salvation. Point by point, he systematically builds his case by articulating who needs salvation and why, the role of the law, God's response to the sin problem, resolution of the legal issues presented by sin, and the effect each has on the Christian's life.

This devotional commentary divides the entire text into short passages that are followed by a detailed, user-friendly exegetical explanation and practical application to everyday life. The lives of such men as Martin Luther and John Wesley, whose writings helped shape Western history, were changed by the study of Romans. It will change your life as well.

Title: Loving Them Back, Leading Them Home

Author: Barry Gane

Why do they leave?

Is there anything the church can do to prevent them from turning away, or to bring them back once they've left? Is there anything I can do?

You probably know people who have left the church. Maybe you know why they walked away, but more likely you don't. But you do care. And that's why this book is in your hands.

Barry Gane explores the reasons so many young people decide to leave, considers the complexities of the adolescent mind, addresses the stages of faith development, and offers effective strategies for reclaiming missing youth.

A word of caution: Read this book only if you're willing to take action. Wooing young people back to the church will cost you time and energy, and demand significant change—just as it did the shepherd Jesus told us about who braved the dark night to find one lost sheep.
